Quality @ Indeuro

The environmental and social policies are always given high importance in protecting the environment.

Social Responsibility

At Indeuro, people form the core of the organisation's value pyramid. Training is an integral part of our work culture.

We regularly invite eminent personalities to conduct workshops and seminars on work related as well as general topics so that we have a successful workforce.

We encourage our employees to involve themselves in a variety of recreational and leisure activities.

We organize frequent health checkup camps to ensure the wellbeing of our employees.

At Indeuro we strongly believe that a happy workforce ensures a healthy organisation.

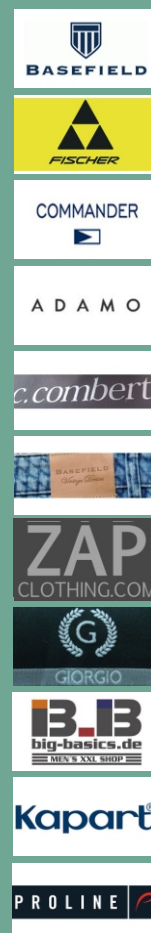

Indeuro educates underprivileged children from the local community thus helping them go beyond their social and financial limitations.
